

Essential
Features

Nice to
have

Extra
features

Blocks out
browser
notifications
when timer is
started

Store past
pomo
data

Light/Dark
mode

Canvas style
confetti when
you finish

Lighter pallete
for the colors
so less harsh
on eyes.

Indicator
for a failed
pomo

Small
tutorial on
how to use
pomodoro

graph features
to show
number of
pomos over a
week?

Set
timer/pomo
length

Customizable
lengths for
pomos/short
breaks/long
breaks

(Off of trevors
#3) maybe no
timer and just
use a color
indicator

Some sort of
visual indicator
the timer is
still running

Familiar color
schemes/Butt
ons

"Log
Distraction"
button brings
up a window to
describe task

Theme

simple, 1 or 2
color schemes
that's not
distracting;
Lighter color
palatte

Theme:
Modern
